

Access to Microsoft 365 (Office) applications through the website

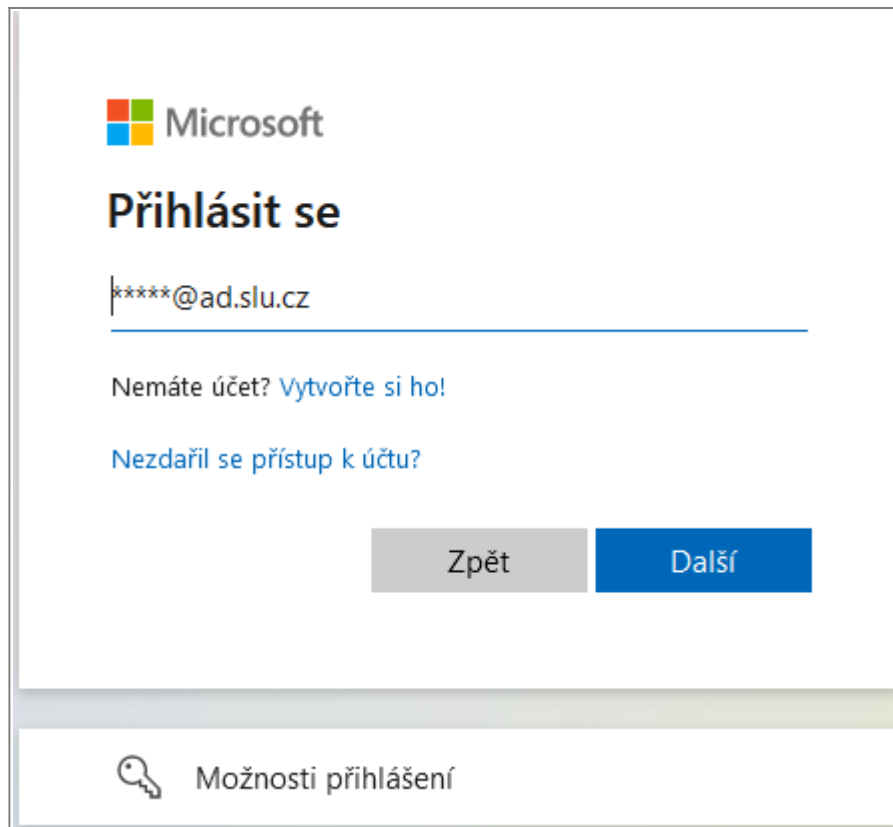

- You can access the application on the address office.com. [Pic.1](#)

Pic.1

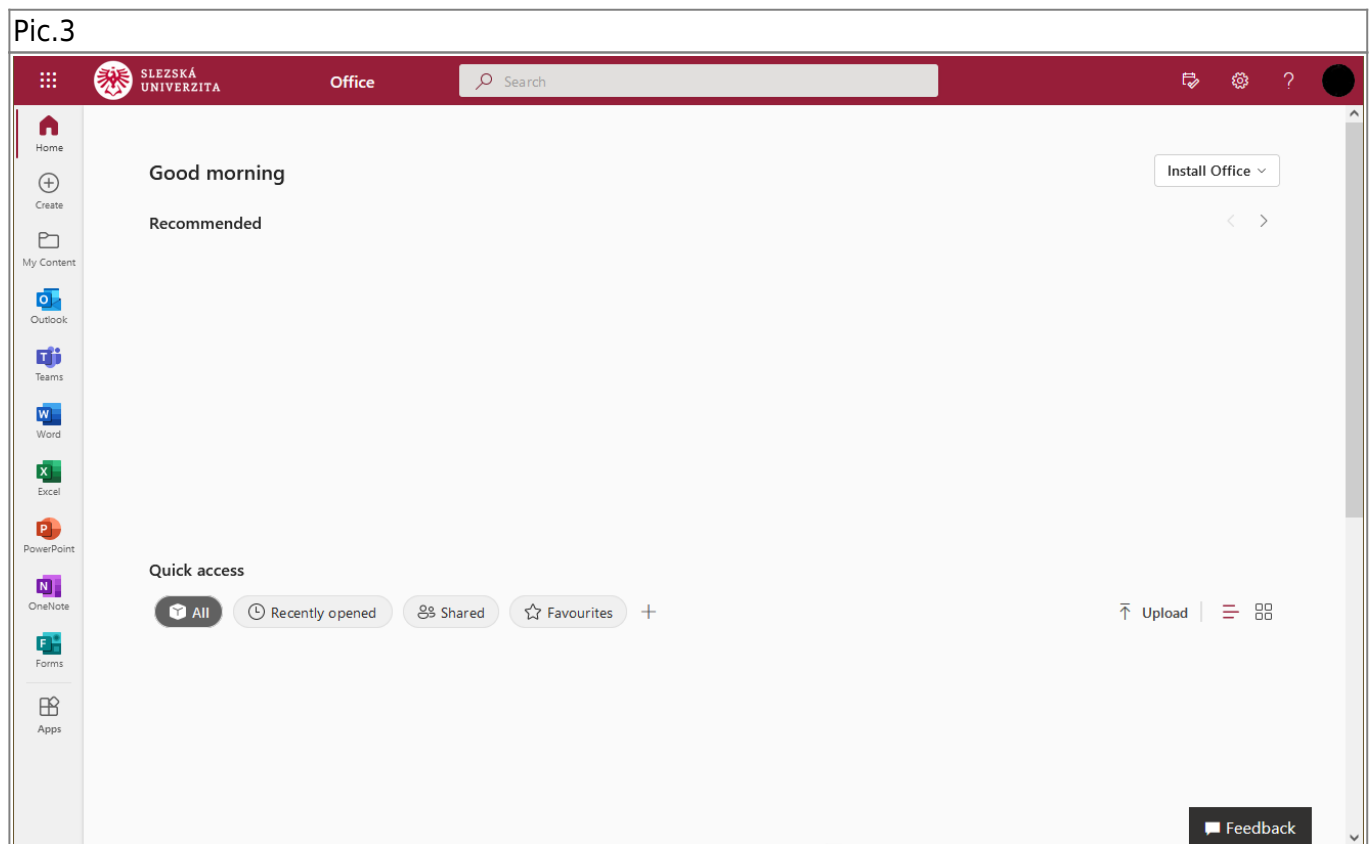

- After clicking on „**Sign in**“ you will be redirected to the secured login page (language is automatically selected).
- Your username is in the form of „**your_CRO_username@ad.slu.cz**“ (for example xyz9876@ad.slu.cz). Password is the **same as in CRO** (mail, ISSU). [Pic.2](#)

Pic.2

The image shows a Microsoft login page. At the top left is the Microsoft logo. Below it, the text "Přihlásit se" (Sign in) is displayed. A text input field contains the email address "*****@ad.slu.cz". Below the input field, there are two links: "Nemáte účet? Vytvořte si ho!" (Don't have an account? Create one!) and "Nezdařil se přístup k účtu?" (Access to account failed?). At the bottom, there are two buttons: "Zpět" (Back) and "Další" (Next). Below the buttons, there is a link "Možnosti přihlášení" (Sign-in options) with a key icon.

- After successful login, you will gain access to selected Microsoft applications. [Pic.3](#)
- In top right corner is a choice to install Office to local computer. Be aware, that for activation of the local version, you will need to sign in in the Office application.
